

Nez Perce Higher Education Scholarship Application (FA '17)

1. Introduction

For Fall 2017, we are taking applications starting on June 1. The final deadline is September 15. (See scholarship Plan of Operation for Winter and Spring deadlines and about late applications)

All students apply with an online application. You will complete this application once a year. After you are accepted, then within the school year, you will submit your grades and schedule(s) to continue.

Please read your award letters you get with your scholarship checks! Many students neglect to do this and miss important instructions, including how to continue one's scholarship and about one's academic standing.

Please note that full unofficial transcripts, not a single term grade report, are required with the annual application.

It is recommended that a student complete the Free Application for Federal Student Aid (FAFSA), i.e. application for Pell Grant, before doing this application. The student would then have more accurate information to answer financial aid questions.

If you want to view a hard copy of the application or get a copy of the Nez Perce Higher Education Scholarship Plan of Operation, go to: www.nezperce.org/Official/highereducation.htm

On the certification page, you verify that you will read and adhere to the Scholarship Plan of Operation. This is your responsibility and expectation as a scholarship recipient. Besides the online copy (see above), hard copies (for review only) can be requested from the tribal Higher Education staff.

NEW... Per Resolution 17-224 (4/25/17), NPTEC approved funding for Nez Perce tribal members who are taking less than 1/2 time credits. Per credit funding will be based on:

1/ The formula will divide full-time funding level (semester or quarter) by minimum credits required for full-time enrollment status. Per the Nez Perce Tribal Scholarship Plan of Operation, full-time enrollment status for Undergraduates is a minimum of 12 credits. Full-time Enrollment status for

Graduate students is determined by documentation from each respective college's Financial Aid office, i.e. Graduate Schools vary on what constitutes full-time enrollment so determined on individual basis.

2/ All sections of the Scholarship Plan of Operation applying to scholarship recipients taking less than half-time credits, for e.g., Academic Requirements, Funding, Application, Scholarship Repayment, Summer School, Probation/Disqualification/Reinstatement, Appeals Process/Complaints, etc.

(6) Where will the checks be sent?

Tribal scholarship checks will be given directly to the student. Higher Education checks will be sent directly to the school's Financial Aid or Business office.
