<b><i>State Senator, District 6 (Nez Perce &amp; Lewis)</i></b>	<b>Idaho Constitutional Amendment HJR 4</b>
Dan Johnson (REP) *	
<b><i>State Representative, District 6, Position A</i></b>	Shall Section 2, Article III, of the Constitution of the State of Idaho be amended to require that the Senate shall consist of thirty-five members; and shall Section 4, Article III, of the Constitution of the State of Idaho be amended to require that the Legislature shall be apportioned to thirty-five legislative districts?
Aaron von Ehlinger (REP)	<b>Yes</b>
<b><i>State Representative, District 6, Position B</i></b>	<b>No</b>
Mike Kingsley (REP)	<b>Legislative Council's Statement of Meaning, Purpose, and Results to Be Accomplished</b>
<b><i>State Senator, District 7 (Idaho, Clearwater and Shoshone Counties)</i></b>	The purpose of the proposed amendment is to permanently set the number of senators in the Idaho Legislature, as well as the number of legislative districts in Idaho, at 35. (There are twice as many representatives as senators, which this amendment would not change.) Since 1992, there have been 35 districts and senators, but the Idaho Constitution permits as few as 30 and as many as 35 districts and senators, with the number determined during redistricting (the process of redrawing legislative district boundaries after a United States census). If this amendment is adopted, the number of districts and senators would be fixed at 35 and could not be changed during redistricting.
Carl G. Crabtree (REP)*	
<b><i>State Representative, District 7, Position A</i></b>	<u><i>Tribal Statement. This amendment is designed to ensure that rural areas maintain maximum representation in the State Legislature.</i></u>
Priscilla Giddings (REP)	
<b><i>State Representative, District 7, Position B</i></b>	<b>NEZ PERCE COUNTY COURTHOUSE CONSTRUCTION QUESTIONS</b>
Charlie Shepherd (REP)	The Nez Perce County Courthouse was built in 1889, added onto in 1928 and 1973. Several issues have plagued the building in recent years which include electrical, plumbing, and heating/air conditioning problems.
	These issues impact ongoing maintenance costs and in some cases the safety of our civil servants. Other challenges with the building are meeting ADA requirements that are now law and providing public safety. Nez Perce County has been budgeting conservatively and encouraging growth in the tax base for several years to prepare for the capital expense we know is coming with our 130-year old courthouse. Estimated construction costs are \$40 million dollars for a new courthouse. Prior savings, low interest rates, and the current budget are projected to be sufficient to fund the project (within the County's annual budget) over a 20-year period. The Nez Perce County Courthouse belongs to you, and the Nez Perce County Commissioners are asking for input on how to proceed.
<b>WASHINGTON</b>
