SAMHSA
Strategic prevention framework
Partnerships for success

The Nez Perce Tribe Strategic Prevention Framework-Partnerships for Success (SPF-PFS) is an effort to address the problem of alcohol and marijuana use among Native American children and youth ages 9 through 20 years residing on or near our rural reservation.

NAHOVA Youth Board (NATIVE AMERICA HEAR OUR VOICES ARISE)

NAHOVA advises SFS staff on the development of prevention activities and messaging for mental health & substance abuse initiatives.

Board members are instrumental in designing media posts, art, photography to increase awareness and advocacy on important issues affecting the tribal community.

NATIVE CONNECTIONS

Awarded through SAMHSA, the new initiative focuses on the issue of suicide prevention for Native American youth and young adults, ages 12 through 24 years.

The Native Connections grant will offer youth, residing on the Nez Perce Reservation, opportunities to be directly involved with positive activities and awareness.
