SBA U.S. Small Business Administration

HELPING NATIVE BUSINESS OWNERS GAIN ACCESS TO RESOURCES

The mission of the Nez Perce Tribe Economic and Community Development office provides opportunities for sustainable growth and builds wealth for the Tribe and their people. The Nimiipuu people have always resided and subsisted on lands in north central Idaho. Today, the Nez Perce Tribe is a federally recognized Tribal nation with more than 3,500 citizens.

SHANNON F. WHEELER
NEZ PERCE TRIBE CHAIRMAN

Dear Nez Perce Small Businesses,

Congratulations. I want to take a moment to express my heartfelt support and deep appreciation for the incredible work that each of you are doing

to drive economic growth and prosperity within our Nez Perce community.

In my role as Chairman of the Nez Perce Tribe I have had the privilege of witnessing firsthand the resilience and entrepreneurial spirit that define our small business community. Your dedication to providing valuable products and services, creating job opportunities, and contributing to the economic well-being of our people is nothing short of commendable.

It is crucial for our Tribe to recognize the vital role that small businesses play in our collective journey toward self-sufficiency and self-determination. Your endeavors contribute not only to economic stability but also to preserving our cultural heritage and strengthening our sense of unity as a community.

I want to extend my full support to each of you in your ongoing efforts to thrive and grow. The Nez Perce Small Business community has my commitment to provide the necessary resources, guidance, and opportunities to help you succeed. Together, we can overcome challenges and seize opportunities to build a brighter future for ourselves and generations to come.

I am exhilarated to share with you the Nez Perce Navigator Pilot Project – an initiative designed to offer guidance, technical assistance, and resources to individuals pursuing their entrepreneurial vision. This project is an additional resource that can further empower our small businesses and aspiring entrepreneurs. I encourage you to explore the possibilities it offers and take advantage of the support it provides.

As we continue to work together, please know that your success is my priority. Your resilience and innovation are vital to the growth and prosperity of the Nez Perce Tribe, and I am committed to standing with you every step of the way.

If there are specific ways in which the Nez Perce Tribe can assist you, or if you have any suggestions or concerns, know that we are here to serve and support you in your endeavors.

Once again, thank you for your dedication and contributions to our Tribe. Together, we will achieve great things for our community.

SINCERELY,

Shannon F. Wheeler
Nez Perce Tribe Chairman

ANN MCCORMACK
NEZ PERCE TRIBE
ECONOMIC AND COMMUNITY
DEVELOPMENT PLANNER

I am pleased to introduce the inaugural publication of the Nez Perce Small Business Directory, a milestone achievement facilitated by the Nez Perce Tribe Economic and Community Development program. As the project manager for the Community Navigator program, I am honored to

share this significant achievement with you, made possible through the generous support of the U.S. Small Business Administration's Community Navigator Pilot Program. We extend our heartfelt gratitude to our collaborators for their invaluable contributions.

This remarkable directory is the result of leadership and outstanding communication skills displayed by Sawaya Greene, our Directory Data Entry Coordinator, edited by Stacia Morfin, Nez Perce Tribe Community Navigator Small Business Development Director. The directory's visually appealing design is credited to Jenny Kuther, Principal of Unleashed Marketing + Design, LLC.

The completion of this project is a realization of a long-held vision. The Nez Perce Business Directory promises to be an indispensable tool for our small business community. It will empower businesses to expand their reach on social media, enhance brand visibility, and strengthen our local, domestic and international presence.

As emphasized by Professor Cornell, a Native economic leader at the Harvard Business Institute, tribal businesses play a pivotal role in job creation, wealth generation, economic

diversification, and the overall wellbeing of our community. We are committed to celebrating and supporting our entrepreneurs, embodying the spirit of "Buy Nez Perce."

The Nez Perce Tribe Community Navigator program continues to support entrepreneurs within and around the Nez Perce reservation. Over the past two years, our dedicated team has been bridging gaps in financial, digital, and legal literacy while promoting cultural awareness in the realm of trade and commerce. Our mission is to facilitate Native business owners' access to essential resources.

The Nez Perce Business Directory is available as a hard copy and an electronic version accessible on the Nez Perce Tribe's website at www.nezperce.org. We offer the opportunity for businesses to be added to the electronic version at any time or to be included in the next hard copy directory scheduled for 2025. To be included, please contact Sawaya Greene, Nez Perce Directory Data Entry Coordinator, at sawayag@nezperce.org or by phone at (208) 305-7159.

In closing, I extend my sincere appreciation for your continued support and dedication to our shared mission of sustainable growth and wealth creation for the Nez Perce Tribe and our community. Together, we will continue to make a positive impact on the economic landscape.

QE'CI'YEW'YEW' (THANK YOU),

Ann McCormack

Nez Perce Tribe Economic and Community Development Planner

STACIA MORFIN

**NEZ PERCE COMMUNITY
NAVIGATOR DIRECTOR**

Dear Nez Perce Small Business Community,

It is with great pleasure and gratitude that I address you on behalf of the Nez Perce Community Navigator Project. Over the past two years, your small business has

been an integral part of our project's mission to foster economic growth and community development within nimiipuu homelands. The dedication and hard work you continue to contribute have also played a significant role in strengthening the local economy and empowering our community members.

As we reflect on the journey we have embarked on together, we cannot help but be inspired by the resilience and determination displayed by small businesses like yours. I am pleased to share that through the collective efforts of the Nez Perce Community Navigator Project and your own perseverance, we have grown our small business client base to 120 unique clients. Your role in achieving this milestone has been invaluable.

The Nez Perce Community Navigator Project was designed with the aim of providing guidance, resources, and support to businesses like yours, and your participation

has been instrumental in fulfilling this mission. Your willingness to collaborate, adapt, and grow has not only benefited your own enterprise but has also set an inspiring example for others to follow.

As we move forward, we remain dedicated to serving and supporting the small businesses that form the backbone of our community. Together, we have achieved remarkable milestones and we look forward to witnessing your continued growth and prosperity.

Thank you once again for your invaluable contribution to the Nez Perce Community Navigator Project and for being a cornerstone of our vibrant community.

WITH MUCH RESPECT,

Stacia Morfin

Nez Perce Community Navigator Director
