

Center design is an ancient Nez Perce symbol called a whirlwind (Sa'plis). Other indigenous cultures use it as well. Its origin predates any similar symbol related to European history of the 1900's.

# History

The first Nez Perce Cultural Camp was held in August 2000. The concept was discussed for many years as a way to involve youth in a fun and educational gathering. An average of 100-110 students attend each year. This will be our **24th annual camp**! In 2020, we couldn't hold camp.

Again in 2024, we will benefit from participation of multiple partners, with lead coordination by the tribal Cultural Resources and Education departments. Additional support will come from NPTEC Youth Affairs Subcommittee, Nez Perce Local Education Program Fund, Nez Perce Circle of Elders, various private foundation grants, and other tribal and community sponsors and supporters.

### **Mission Statement**

To give youth a greater appreciation of the heritage of the Nez Perce people so they can continue the culture in the future. Overall, we want to increase the number of cultural bearers of the Nez Perce Way of Life (Nimiipuunewit), with special emphasis on Language.

The Cultural Camp appreciates the diversity and unique expression of culture that exists among the Nez Perce people, historically and today. We do our best to convey this to the students and promote respect for All Ways.

## Camp Sites

We will stay at the Wallowa Lake Camp & Retreat Center located near Joseph, OR. Traveling from the Nez Perce reservation in Idaho, gives the students an appreciation of the beauty, size, and diversity of terrain of the traditional tribal homeland and distribution of different bands of Nez Perce.
